#### INDEPENDENT AUDITORS' REPORT

To the Board Of Directors Halifax Humane Society, Inc. Daytona Beach, Florida

We have audited the accompanying financial statements of Halifax Humane Society, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Halifax Humane Society, Inc. as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### NOTE 1 - Organization And Summary Of Significant Accounting Policies

#### A. Organization Activities

The Halifax Humane Society, Inc. (The Society) was established in 1937 as a not-for-profit organization to provide an animal shelter for care, remedial treatment, cruelty prevention, pet spay/neuter surgery, humane education programs, humane and animal bonding events, and other activities that promote the wellbeing and proper care of companion animals. The Society is supported primarily through donor contributions and fees for services.

#### B. Basis Of Accounting

The Society follows standards of accounting and financial reporting prescribed for not-for-profit organizations. It uses the accrual basis of accounting, which recognizes revenue when earned and expenses as incurred.

#### C. Cash And Cash Equivalents

The Society considers all highly liquid cash instruments with a maturity of three months or less to be cash equivalents.

#### D. Financial Statements

The financial statements presentation follows the recommendations of the Financial Accounting Standards Board in ASC 958, Not-for-Profit Entities Presentation of Financial Statements using the accrual basis of accounting.

These financial statements present unrestricted, temporarily restricted and permanently restricted net assets to reflect the donor imposed limitations and restrictions placed on the resources available to the Society as follows:

#### E. Net Assets

Unrestricted Net Assets – The unrestricted net asset class includes the general and board designated assets and liabilities of the Society. Revenue and support received by the Society without explicit donor restrictions that specify how the donated asset must be used or maintained are reported as unrestricted to the Society. In general, the unrestricted net assets of the Society may be used at the discretion of the Society's management and the board of Directors to support the Society's purposes and operations.

Temporarily Restricted Net Assets – The temporarily restricted net asset class includes expendable assets and related liabilities of the Society. These assets relate to gifts with explicit time or purpose restrictions that have not yet been met. When the time or purpose restriction is met these assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

Permanently Restricted Net Assets – The permanently restricted net asset class includes assets and related liabilities of the Society related to contributions for which the donor has restricted the investment of the gift corpus in perpetuity. The income generated from the investment of corpus is available for the Society's operations in accordance with the donor restrictions. Appreciation related to the permanently restricted net assets, if not specifically restricted otherwise, follows the donor's income restriction and is included in the appropriate unrestricted or temporarily restricted net asset class.

#### NOTE 1 - Organization And Summary Of Significant Accounting Policies (continued)

#### F. Contributions

Contributions, including unconditional promises to give, are recorded as received. All contributions are considered to be available for the general programs of the Society unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give due in the next year are reflected as short-term contributions receivable and are recorded at their net realizable value. Unconditional promises to give due in subsequent years are reflected as long-term contributions receivable and are reported at the present value of their net realizable value, using risk-free interest rates applicable to the years in which the promises are to be received. The Society reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets.

#### G. Investments

Investments are stated at fair value. To calculate realized gain or loss on the disposition of investments and unrealized gains and losses, cost is determined by specific identification. All gains and losses and ordinary income from investments are accounted for as unrestricted revenue unless it is restricted for a specified purpose by the donor of the related investment.

#### H. Accounts Receivable

The accounts receivable arise from fees charged to local municipalities for animal care and shelter. Accounts are charged to bad debt expense as they are deemed uncollectible based upon a periodic review of the accounts.

#### I. Inventories

Inventories, which consist of animal supplies for resale, are carried at the lower of cost or market determined on the first-in, first-out basis.

#### J. Land, Buildings and Equipment

Purchases of land, buildings and equipment having a unit cost of \$1,000 or more and an estimated useful life of five years or more are capitalized at cost. Donated assets are capitalized at the estimated fair-market value at the time of receipt. Depreciation is computed using the straight-line method over the estimated useful lives of the assets which range from 5 to 39 years. In the absence of donor-imposed restrictions on the use of the asset, gifts of long-lived assets are reported as unrestricted contributions.

#### K. Donated Services

A substantial number of volunteers donate significant amounts of their time to the Society's programs and supporting services. Such services have not been reflected in the accompanying financial statements because these services do not meet the criteria for recognition as contributed services.

#### NOTE 1 – Organization And Summary Of Significant Accounting Policies (continued)

#### L. Income Taxes

The Society qualifies for exemption from federal income taxation under Internal Revenue Code (IRC) Section 501(c)(3) and is not classified as a private foundation under IRC Section 509 (a)(2). Accordingly, the accompanying financial statements do not reflect a provision for income taxes.

Management reviews its tax position annually and has determined that there are no material uncertain tax positions that require recognition in the financial statements.

The Organization files tax returns in the U.S. federal jurisdiction. With few exceptions, the Organization is no longer subject to U.S. federal income tax examinations by taxing authorities for years before December 31, 2012.

#### M. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### N. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the services benefited.

#### O. Fair Value of Financial Instruments

The following methods and assumptions were used by the Society to estimate the fair market values of financial instruments as disclosed herein:

Cash and cash equivalents, investments and short-term contributions receivable:

The carrying amounts reported in the statement of financial position approximate fair values because of the short maturities of those instruments.

#### Charitable remainder trusts:

The fair value is estimated by discounting the future cash flows using a current risk-free rate of return based on the yield of a U.S. Treasury security with a maturity date similar to the expected collection periods.

#### Perpetual trust held by third party:

The fair value of the Society's interest in perpetual trust assets is based on quoted market prices of the trust assets or similar investments.

#### NOTE 2 - Contribution And Bequests Receivables

Contributions and bequests receivable consist of amounts donated under trust agreements due within the next fiscal year are reflected at present value of estimated future cash flows using a discount rate of 5.0%. Differences between the amounts allocated and collected have historically been insignificant. Accordingly, no provision is made for uncollectible amounts.

The Society anticipates collection of outstanding receivables as follows at December 31, 2015 and 2014:

	2015	2014
Receivable in less than one year	\$ 114,309	\$ 60,204

#### NOTE 3 - Pledge Contributions Receivable

The pledge contributions receivable balance consists of the following at December 31:

	2015	2014
Pledge contributions receivable  Less estimated discount due over four years	\$ 334,778 ( 28,086)	\$ 670,648 ( 45,745)
Pledge receivable, net	306,692	624,903
Less current portion	242,479	464,324
Pledge receivable, net, non-current	\$ 64,213	\$ 160,579

#### NOTE 4 - Fair Value Measurements

Fair values for short-term investments and perpetual trusts are determined by reference to quoted market prices and other relevant information generated by market transactions. The fair value of the charitable remainder trusts are estimated as the present value of expected future cash inflows.

The fair value measurements and levels within the fair value hierarchy of those investments are carried at market value and consist of the following:

- Level 1 inputs are quoted prices for identical investments in active markets.
- Level 2 inputs are quoted prices for similar instruments in active markets; and model-derived valuations
  in which all significant inputs and significant value drivers are observable in active markets.
- Level 3 inputs are model derived valuations in which one or more significant inputs or significant value drivers are unobservable.

#### NOTE 4 - Fair Value Measurements (continued)

In determining the fair value, the Organization utilizes valuation techniques that minimize the use of unobservable inputs and maximize the use of observable inputs. Inputs used to measure the fair value of an asset or liability may result in the asset or liability falling into more than one level of the hierarchy. In this case, the classification is based on the least determinate input that is significant to the fair value measurement.

The following represents assets measured at fair value on a recurring basis at December 31, 2015:

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of uncertainty related to changes in interest rates, market volatility and credit risk, it is at least reasonably possible that changes in these risks could materially affect the fair value of the investments reported in the statement of financial position as of December 31, 2015. However, the Organization has adopted policies to mitigate the risk through diversification of invested assets.

Investment return for the years ended December 31, 2015 and 2014 consist of the following:

	1	2015	 2014

#### **NOTE 6 – Split-Interest Agreements**

Charitable Remainder Trusts — The Society is the beneficiary of a charitable remainder unitrust, held and administered by a local financial institution. Under the terms of the trust, the primary beneficiaries received quarterly distributions from the trust and income earned on the trust's assets must remain in the trust until the death of the primary beneficiaries. At that time, the remaining assets of the trust are to be distributed to the Society. The asset, long-term contributions receivable, represents the recognition of an amount receivable for the present value of the estimated future benefits to be received when the assets are distributed. The contributions receivable are reported at the present value of their net realizable value, using interest rates applicable to the years in which the promises are to be received (currently 5.0%).

The Society's charitable remainder trusts for years ended December 31, 2015 and 2014 are as follows:

	 2015	 2014
Charitable remainder trusts Discount	\$ 80,551 65,694)	\$ 161,444 96,246)
Charitable remainder trusts, net	\$ 14,857	\$ 65,198

During the years ended December 31, 2015 and 2014, the Society recognized unrealized loss of \$(565) and \$(440), respectively.

Perpetual Trust Held by Third Party – The Society is a 17% beneficiary of the Rogers Perpetual Trust held by a local financial institution. Under the terms of the trust, the Society has the irrevocable right to receive their share of the income earned on the trust assets in perpetuity, but never receives the assets held in trust. Income from the trust is unrestricted and expendable to support general operations. The Society's beneficial interest in perpetual trust assets is recognized at the fair value of the trust assets.

At December 31, 2015 and 2014 the Society's beneficial interest in the perpetual trust's asset is as follows:

	2015	2014
Perpetual trust held by third party	\$ 684,683	\$ 733,240

During the years ended December 31, 2015 and 2014, the Society recognized unrealized (loss)/gains of \$(48,557) and \$5,244 respectively.

Charitable Gift Annuities – The Society has entered into irrevocable agreements with donors whereby in exchange for the gift from the donor, the Society is obligated to provide an annuity to the donor for the remainder of their lives.

A liability is recognized for the estimated present value of the annuity obligation and the assets are recorded at their gross market value for the agreement where the Society is the trustee. The discount rate and actuarial assumptions used in calculating the annuity obligation are those provided in Internal Revenue Service guidelines and actuarial tables.

#### NOTE 6 – Split-Interest Agreements (continued)

Assets of the Society that are derived from the charitable gift annuities are as follows:

	2015	2014
Investments	\$ 147,105	\$ 162,912
